Executive Summary

Junior Full Stack Software Developer with hands-on experience developing responsive web applications using Python, Django, React, JavaScript, Node.js, HTML, CSS, and PostgreSQL. Experienced working in Agile environments and building RESTful applications using Git and GitHub. Bringing strong analytical, problem-solving, and communication skills, with a passion for building high-quality software and continuously learning new technologies.

Education

Nov 2023 - Dec 2024	Code Institute	Dublin, Ireland (Remote)
	Diploma in Fullstack Software Development	
Sept 2018 - May 2019	Dublin Institute of Technology	Dublin, Ireland (1 Year Completed)
	Electrical Engineering	

Technical Skillset

Languages	Databases	Frameworks	Version Control
HTML CSS Javascript Python	MongoDB MySQL	Django jQuery Bootstrap	Git GitHub

Portfolio Projects

- 1st Project [GitHub](#) - [HTML, CSS](#) Website Carpentry. Technologies used to build: HTML, CSS.
- 2ndst Project [GitHub](#) - [JavaScript](#) Liverpool FC Quiz. Technologies used to build: HTML, CSS, JavaScript.
- 3rd Project [GitHub](#) - [Python](#) Hangman CLI Game. Technologies used to build: Python.
- 4th Project [GitHub](#) - [Django](#) CrossFit Web App. Technologies used to build: HTML, CSS, JavaScript, Django.
- 5th Project [GitHub](#) - [Django](#) KicksOnFire E-commerce Platform. Technologies used to build: HTML, CSS, JavaScript Django.

Collaborative Projects

Hackathons & Awards

- 3rd place [Github](#) - [Welcome to GitHired - GitHired](#)
- 2nd place [GitHub](#) - [Prideful](#)

Work Experience

Sept 2014 - April 2015	Fitness Instructor	Inspire Fitness Studio	Dublin, Ireland
- Delivered personal training and group fitness classes - Designed individual training programmes based on client assessments			
May 2017 - Nov 2023	Medical Records	Bon Secours Hospital	Dublin, Ireland
- Managed patient record systems with strict attention to data accuracy - Responded to record requests and queries using the PIMS system - Coordinated with clinicians to prepare clinic file lists - Developed strong organisational, communication, and compliance skills			
Feb 2025 - Aug 2025	Full Stack Developer	Silence Speaks Ltd	Oxford, UK
- Contributed to frontend and backend development in a collaborative Agile team - Built and maintained features using modern JavaScript frameworks and backend - Developed interpersonal and communication skills communicating with customers from all over the world - Collaborated daily via Slack to coordinate tasks and resolve issues			

Additional Training

- Currently learning **C# and .NET** to expand my backend development skills.
- Developing knowledge of **UX/UI Design** with a focus on accessibility, usability, and user-centred design principles.
- Continuously improving my software engineering skills through personal projects, hackathons, and self-directed learning.

Tech Interests / Additional Information

- Passionate about software engineering, full-stack web development, and building practical applications that solve real-world problems.
- Regularly participate in hackathons and personal coding projects to expand my technical skills and collaborate with other developers.
- Interested in modern web technologies, cloud computing, AI-assisted development, and continuous learning.
- Outside of technology, I enjoy fitness gyms, football, GAA, golf, and fashion.
- Full clean Irish driving licence.
